

Privacy Policy

Last updated: September 27, 2026

1. Purpose

The purpose of this Privacy Policy is to inform users of the site **Gligz.com** on how their personal data is collected, used, stored and protected.

Gligz.com is a platform dedicated to simracing, allowing users to create and manage leagues, races and championships, view calendars, rankings, results and statistics, and have a personalized user space.

The protection of personal data is a priority for Gligz. Data is collected and used only for the purposes described in this policy.

This policy is separate from the Gligz.com Terms of Service.

2. Data Controller

The person responsible for the processing of personal data carried out within the framework of Gligz.com is:

the company Kaelyst, residing in VENCE 06140

Site internet : **Gligz.com**

Contact regarding personal data: **contact@kaelyst.com**

Unless a Data Protection Officer (DPO) is subsequently appointed, any data protection request may be sent to this address.

3. Personal data collected

Depending on the features used, Gligz may collect the following categories of data.

3.1. Account creation and management

When a user creates an account, Gligz can collect:

- e-mail address ;
- pseudonym;

- password in cryptographically hashed form;
- account creation date;
- date of last connection;
- information necessary for account security;
- Account preferences and settings.

The pseudonym constitutes the pilot's public identity on the platform when participating in races, championships or rankings.

3.2. Pilot Profile

The user can also enter the following information, depending on the available features:

- pilot pseudonym or name;
- country or flag;
- avatar or photograph;
- player ID or information relating to a gaming platform;
- information relating to his sim racing activity.

Optional information is clearly identified when requested.

3.3. Data relating to races and championships

When a user participates in a race or championship organized on Gligz, certain information may be associated with their driver profile, including:

- participation in a race;
- position and result;
- race time;
- best lap;
- vehicle used;
- circuit ;
- ranking;
- points obtained;
- career or championship statistics.

This information may be displayed publicly when necessary for the operation of the platform's rankings, results and statistics.

3.4. Technical and safety data

When using the site, certain technical information may be recorded, including:

- IP address;
- date and time of connection;
- session information;
- browser and technical information necessary for the operation and security of the service;
- technical and security journals.

This data is used in particular to ensure site security, prevent fraudulent access and diagnose technical incidents.

3.5. Connection with a third-party service

When the user chooses to connect to Gligz using a third-party service such as Google or Facebook, Gligz may receive certain information associated with that account, such as the third-party account ID, email address, name or profile picture, depending on the permissions granted and information transmitted by the provider.

Only the information necessary for the operation of the Gligz account is used.

4. Purposes and legal basis

Personal data is processed for the following purposes:

Purpose	Data concerned	Legal basis
Account creation and management	Email, username, password, settings	Execution of the requested service
Authentication	Email, login credentials, session data	Performance of the service and legitimate security interest
Pilot profile management	Username, avatar, country, optional information	Service execution
Race and championship management	Participation, results, rankings, statistics	Performance of the service / legitimate interest
Publication of rankings and results	Nickname and sports data	Service execution
Site security	IP addresses, logs, connection data	Legitimate interest
User support	Contact details and information provided by the user	Performance of the service / legitimate interest
Connection via a third-party provider	Data transmitted by the supplier	Service execution
Legal obligations	Data needed	Legal obligation

The legal bases are determined according to the purpose of each processing activity. Therefore, consent is not systematically required for every processing activity: the GDPR

provides for several legal bases, including the performance of a contract or legitimate interest.

5. Data made public

Gliz is a simracing platform whose features include the publication of sports results and statistics.

A pilot's pseudonym may therefore appear publicly in:

- the results of a race;
- the rankings;
- the championships;
- statistics;
- performance tables;
- the public pages associated with a competition.

Users are advised not to use personal information they do not wish to make public as a pseudonym.

When a user requests the deletion of their account, Gliz may, when necessary to preserve the sporting history of competitions already played, retain results data in an anonymized form or dissociated from the user account.

The simple pseudonymization of data does not necessarily constitute anonymization within the meaning of the GDPR; Gliz will therefore strive, when historical retention is necessary, to remove elements that reasonably allow linking sports data to the identity of the user.

6. Data Recipients

Personal data is accessible only to individuals or service providers who need it to ensure the operation of Gliz.

This may include, in particular:

- the Kaelyst;
- persons authorized to administer Gliz;
- organizers of leagues or championships, to the extent necessary for the management of competitions;
- from the website host;
- technical service providers involved in the operation, maintenance or security of the service;
- external connection providers when the user uses their authentication service.

Race and championship organizers do not automatically have access to all of a user's personal data. Their rights are limited to the information necessary for their functions on Gligz.

Gligz does not sell the personal data of its users.

7. Accommodation

The Gligz.com website is hosted by:

OVH SAS (OVHcloud)

2 rue Kellermann

59100 Roubaix – France

Registered with the RCS of Lille Métropole under number 424 761 419 00045.

Site internet : <https://www.ovhcloud.com/>

The data may be stored on the infrastructure used by Gligz to provide the service.

Any transfers of data to countries outside the European Union or the European Economic Area are governed in accordance with the requirements of the GDPR and applicable legal mechanisms.

8. Shelf life

Gligz does not retain personal data in a form which permits identification of persons for longer than is necessary for the purposes for which it is processed, except where required by law or for evidentiary or legal purposes.

In general:

- Account data is retained for the duration of account use;
- Data required for security and technical logs is kept for a limited period of time proportionate to its purpose;
- Password recovery tokens are only kept for their validity period;
- Data relating to requests addressed to support is kept for the time necessary to process the request and, where justified, for the time necessary to manage any potential dispute;
- Historical sports data may be kept in an anonymized form or in a form that no longer allows results to be reasonably linked to an identified person.

Accounts that remain inactive for a long time may be subject to a deactivation or deletion procedure after a period of inactivity defined by Gligz and communicated to users.

Storage periods must be defined and applied according to the purpose of each processing operation.

9. Security

Glizg implements technical and organizational measures designed to protect personal data against loss, misuse, unauthorized access, disclosure or alteration.

These measures include, in particular, depending on the functionalities concerned:

- use of the HTTPS protocol;
- secure storage of passwords in hashed form;
- access rights control;
- session security;
- protection against unauthorized access;
- backups and service continuity measures;
- limiting access to data to authorized personnel;
- monitoring and technical logs necessary for security.

Since no transmission or storage of data over the Internet can be guaranteed to be completely secure, Glizg cannot guarantee absolute security.

10. Cookies and other trackers

Glizg uses cookies and similar technologies necessary for the operation of the site, in particular for:

- maintain the session of a logged-in user;
- ensure authentication;
- to remember certain parameters;
- to ensure the safety of the service.

When Glizg uses cookies or trackers that are not necessary for the operation of the service, these are subject to information and, where required by regulations, prior consent from the user is obtained.

Cookies that are strictly necessary for the operation of a service requested by the user may fall under a different regime than trackers subject to consent.

11. Communications par e-mail

Glizg can send messages necessary for the operation of the account and the service, including:

- account creation confirmation;
- password recovery;
- security alerts;
- information necessary for using the service;
- information relating to a competition in which the user is participating.

These communications, which are necessary for the operation of the service, do not necessarily constitute commercial prospecting.

If Glizg wishes to send commercial communications or a newsletter requiring consent, this will be collected separately under the conditions provided for by the regulations.

Acceptance of these Terms of Use does not constitute consent to receive marketing communications. For individuals, marketing emails generally require prior consent.

12. User Rights

In accordance with applicable regulations, the user has the following rights, in particular, under the conditions set out in the GDPR:

- of a right of access to his data;
- of a right of rectification;
- of a right to erasure;
- of a right to limit processing;
- of a right to object to certain processing;
- of a right to the portability of certain data;
- the right to withdraw consent when the processing is based on it.

The user can exercise their rights by writing to:

contact@kaelyst.com

Glizg may request the necessary information to verify the identity of the requester when justified by the nature of the request.

Requests are processed within the time limits stipulated by applicable regulations. In principle, a request relating to the rights provided for by the GDPR must receive a response within one month, which may be extended in certain cases.

13. Account deletion

The user can request the closure of their account.

Deleting the account results in the deletion or anonymization of personal data that is no longer needed.

However, certain data may be retained when its retention is necessary to comply with a legal obligation, establish, exercise or defend legal rights, or when the data has been anonymized and no longer allows the user to be identified.

Deleting an account does not necessarily mean the disappearance of all historical data from a competition when this data has been anonymized or when retention is legally justified.

14. Complaint to the CNIL

If the user believes that the processing of their personal data does not comply with applicable regulations, they can contact Gligz to seek a solution.

He also has the right to lodge a complaint with the **National Commission for Information Technology and Freedoms (CNIL)** :

CNIL – 3 Place de Fontenoy – TSA 80751 – 75334 Paris Cedex 07

Site : <https://www.cnil.fr/>

15. Amendment to this policy

Gligz may modify this Privacy Policy to reflect changes in the service, regulations, or data processing practices.

The applicable version is the one published on Gligz.com on the date of consultation.

When necessary, users will be notified of important changes.
